Mr. George A. Smathers
U.S. Senator
U.S. Senate Building
Washington, D.C.

Dear Senator:

Recently a copy of the Congressional Record publication dated May 14, 1964 was brought to my attention.

In it appears Mr. Beermann's presentation to Congress of the employment by the Warren Commission of Prof. Norman Redlich as a consultant at $100 per day.

I would like to be informed of the answers to all of the various questions raised in this recording. Could you please answer them yourself or refer me to someone else who could?

Very truly yours,

Edward A. Monto
